Contains PVC

### Light Handle Covers

Disposable light handle covers facilitate aseptic adjustment of surgical lamps and lower the procedure cost compared to reprocessing of reusable handles. They allow for secure attachment of adaptor to minimise risk of contamination and remain securely in place for the entire duration of procedure.

### Standard Light Handle Cover

#### **Product Specifications:**

- Ensures peace of mind for clinicians that the sterile field is protected
- Needs separate adaptor that fits specific operating room lights

### Camera Light Handle Cover

#### **Product Specifications:**

- Instantly usable in the Operating Room on OR Light Cameras
- Available in square large or round small

### Ordering Information

#### **Light Handle Covers**

Item No.	Description	Case Quantity
AR-LHCB01	Standard Light Handle Cover, 1 pack - Blue, Sterile	100
AR-LHCB02	Standard Light Handle Cover, 2 pack - Blue, Sterile	120
AR-LHCAM01S	Camera Light Handle Cover, Square, Large, 1 pack, Sterile	100
AR-LHCAM02R	Camera Light Handle Cover, Round, Small, 1 pack, Sterile	100

### Skin Marker

The prep-resistant gentian violet ink marker allows the surgeon to create smooth, clear markings on patient's skin

### **Product Specifications:**

- Includes flexible 15cm ruler
- Convenient packaging minimises storage requirements
- Non-toxic
- Non-tattooing

### **Ordering Information**

#### Skin Markers

Item No.	Description	Pack Quantity	Case Quantity
AR-26001	Skin Marker, Standard Tip w/Ruler (blue barrel), Sterile	25 per box	150
AR-26002	Skin Marker, Fine Tip w/Ruler (white barrel), Sterile	25 per box	150

### Esmark Bandage

Designed with excellent compression and elastic properties to facilitate a bloodless field.

### **Product Specifications:**

• Advanced washing technology results in minimum powder

### **Ordering Information**

### Esmark Bandages

ltem No.	Description	Case Quantity
AR-35309	Esmark Bandage 7.5cm x 275cm, Sterile	20
AR-35409	Esmark Bandage 10cm x 275cm, Sterile	20
AR-35609	Esmark Bandage 15cm x 275cm, Sterile	20
AR-35612	Esmark Bandage 15cm x 365cm, Sterile	20

### **Tube Positioner**

Adhesive backing allows for secure placement and facilitates convenient management of tubes, lines and cords in the sterile field

#### **Product Specifications:**

- Easily detachable by gloved personnel
- With integrated radiopaque element to ensure x-ray detectability

### **Ordering Information**

### **Tube Positioner**

Item No.	Description	Case Quantity
AR-30802	Tube Positioner, Sterile	50

### **Needle Counters**

Designed to provide a safe and easy way to store and count various types of sharps used during a procedure

### Standard Needle Counter

#### **Product Specifications:**

- Surface magnet allows for safe storage of metallic components
- Foam facilitates secure parking of needles, covering the sharp tip
- Clearly visible markings on magnets and foam allow easy sharps placement and positioning
- Numerous ergonomic considerations such as simple latch opening mechanism and high contrast numbers to facilitate correct count of blades and needles
- Available with a transparent lid allowing clear visualisation of contents even when closed (AR-250103)

### **Ordering Information**

### Standard Needle Counter

Item No.	Description	Specifications	Case Quantity
AR-250101	Needle Counter Red, Double Magnet, Sterile	20 count, 40 capacity	100
AR-250103	Needle Counter Red, Single Magnet, Clear Top, Sterile	10 count, 20 capacity	100
AR-250104	Needle Counter Red, Double Magnet, Horizontal, Sterile	30 count, 60 capacity	100
AR-250401	Needle Counter Red, Foam Block/Magnet, Sterile	20 count, 40 capacity	100
AR-250802	Needle Counter Red, Foam strip, Sterile	15 count, 15 capacity	100
AR-250504	Needle Counter Red, Foam Adh., Sterile	40 count, 80 capacity	50

Premium Needle Counter - with Blade Remover

#### **Product Specifications:**

- Incorporates a blade removal feature for quick and easy removal of contaminated blades
- Overlapping box edges prevent sharps from escaping when closed
- Passive locking latch engages automatically and securely
- Three interlocking hinges prevents inadvertent opening

### **Ordering Information**

### Premium Needle Counter - with Blade Remover

Item No.	Description	Specifications	Case Quantity
AR-251104	Needle Counter Red, Double Magnet, Blade Remover, Sterile	30 count, 60 capacity	100
AR-251108	Needle Counter Red, Double Magnet, Blade Remover, Sterile	60 count, 120 capacity	108
AR-251401	Needle Counter Red, Foam Block/Magnet, Blade Remover, Sterile	20 count, 40 capacity	80
AR-251502	Needle Counter Red, Foam Block/Adhesive, Blade Remover, Sterile	20 count, 40 capacity	80
AR-251701	Needle Counter Red, Magnet Foam/Strips, Sterile	15 count, 30 capacity	100

### **Instrument Pads**

Designed to provide a safe surface to pass and store instruments and to reduce the risk of accidental sharps injuries. The products' non-slip foam backing adheres securely to patient drape and encourages safe sharps' passing practices

### Magnetic Instrument Pad

#### **Product Specifications:**

Instruments cling to special magnetic surface

### **Ordering Information**

#### Instrument Pad

Item No.	Description	Case Quantity
AR-25001	Instrument Pad, Magnetic, 25 x 40cm, Sterile	30

### Sponge Counter Bag

Designed to provide a secure containment for used sponges to reduce risk by minimising exposure to blood-borne pathogens. Facilitates easy and continuous sponge counting.

### **Product Specifications:**

- Pocket divider seal easily separates to allow for larger sponges to blood-borne pathogens
- Clear polyethyene pockets allow clear content visualisation, promoting accurate
- counts and also allows sponges to be viewed for visual estimate of patient blood loss
- Additional bags can be placed over filled bags as necessary
- Pockets accommodate five laparotomy sponges or ten pieces of 10x10cm gauze
- Additional bags can be placed over filled bags as necessary

### **Ordering Information**

### Sponge Counter Bag

Item No.	Description	Pack Quantity	Case Quantity
AR-25500 NS*	Sponge Counter Bag	50 per box	250

\* Non-Sterile

### **Electrosurgical Tip Cleaner**

The coated scratch pad eliminates disruptive scraping of electrodes and serves as a convenient debris removal system for use during electrosurgical procedures

### **Product Specifications:**

- Extended adhesive peel-off backing enables easy removal by gloved staff
- Adhesive backing provides for placement on mayo or patient drape
- Facilitates quick and easy instrument cleaning

### **Ordering Information**

### Electrosurgical Tip Cleaner

ltem No.	Description	Pack Quantity	Case Quantity
AR-32200	Cautery Tip Cleaner, 5cm x 5cm, Sterile	50 per box	300

### Anti-fog Solution Kit

The unique anti-fog solution is designed to prevent fogging of the endoscope lens during procedures

#### **Product Specifications:**

- Bottle capacity: 6ml
- Adhesive foam application pad
- X-ray detectable

### **Ordering Information**

### Anti-fog Solution Kit

Item No.	Description	Case Quantity
AR-7304412	Anti-fog Solution Kit, Sterile	48

### **Patient Warming Blankets**

The Cozee<sup>™</sup> range of single-use patient warming blankets is a cost-effective choice to prevent hypothermia during operation. Cozee<sup>™</sup> blankets are available in two material options, and are designed to ensure maximum patient safety and comfort as well as maximum convenience for clinical staff.

### Product Specifications:

- Three Layer Warmth 20% better insulated than cotton blankets
- Shrink-wrapped: Needs less space than traditional folded blankets
- Cost-Effective: No electricity used, lower cost compared to active warming systems

Note: For reflective blanket - green side to be placed towards the body

### **Ordering Information**
